players assume the role of Tier 1 Operator (T1), a United States Marine Force Recon soldier with the rank of 1st Marine Scout Sniper. The player's task is to help the U.S. military forces find, capture and execute Al-Qaeda leader Abu Musab Al-Zarqawi, head of a terrorist group called Al-Qaeda in Mesopotamia (AQIM), which is responsible for several attacks in both Iraq and Syria. The player must avoid being captured, neutralize enemies and use intelligence gathered from the

scenario to complete the mission. Modern Warfare 5 Xbox Dump Version: This is the server dump of the very late Xbox version of MW5. Without further ado, here it is, without the Unity, server and frameworker version. It compresses far better than the other versions of Modern Warfare 2 because it's the server. It's the same save file with a different directory. Everything is completely unchanged with the exception of some slight changes in PMCs locations/names. Sep 16,
