Recommended: Pro: The Fall of Oriath review was one of the first reviews I have done as a new reviewer in the Guild Wars 2 community. I first started using The End as a convenient place to save out of the game before hitting my daily cap, but I quickly got used to saving outside of the zone. For this review I was planning to save somewhere else and play the first 2 chapters before returning to do the review. But I was getting quite a few graphics issues that I noticed after saving. I then decided to try and play through the whole
